GitHub: github.com | **Target Location:** Western Michigan Area

PROFESSIONAL SUMMARY

Systems Integration Specialist bridging the gap between digital network infrastructure and physical industrial machinery.

- **Core Value:** Pairs remote enterprise IT/MSP support with hands-on industrial plant diagnostics.
 - **Target Roles:** Systems Integration, Network Infrastructure Engineering, and Industrial Automation.
 - **Scheduling:** Built for self-directed, asynchronous and flexible environments.
-

TECHNICAL SKILLS & PROFICIENCIES

- **IT Infrastructure:** ISP Headend, Routing/Switching, WAN/LAN Triage, Remote Admin (RMM), IP/Port Forwarding.
 - **Automation & Logic:** Custom Scripting (GML, PHP), Event Loops, State Machines, HMI/UX Interface Design.
 - **Staging & QA:** Manual CI/CD Staging Pipelines, Git Branch Management, Cross-Device LAN/WAN Verification.
 - **Industrial Mechanics:** Plant Maintenance (Millwright), Heavy Lift Operations (Telehandlers, Loaders, Forklifts).
-

TECHNICAL SYSTEMS PROTOTYPING & FIELD DEPLOYMENT

Crawl Space | Live Simulation Link: techbytrade.itch.io/crawl-space

- **Architecture:** Built with GameMaker and utilizing custom GameMaker Language (GML) scripts that model event loops, much like industrial PLCs.
- **QA Staging:** Built a manual pipeline testing telemetry on local servers, porting to mobile, and verifying WAN.

PROFESSIONAL EXPERIENCE

Fulfillment & Logistics Associate | Amazon (Sandpoint, ID & Spokane, WA)

October 2025 – June 2026

Remote IT Infrastructure & Network Support Specialist | Exbabylon (Newport, WA)

December 2022 – May 2025

ISP Headend Technician / Central Office Tech | MiFiber (Newport, WA)

October 2020 – December 2022

Industrial Millwright (Maintenance Mechanic) | Idaho Forest Group (Laclede, ID)

October 2017 – October 2020

Customer Service Specialist (Recent Window) | Harvest Foods (Spirit Lake, ID)

2015 – 2018

Heavy Industrial Equipment Operator | Family Agriculture & Various Enterprises (Pacific Northwest)

2008 – 2017 (Cumulative Overview)

Customer Service Specialist (Early Window) | Harvest Foods (Priest River, ID)

2009 – 2011

EDUCATION & CERTIFICATIONS

- **Software Development Certifications** – Spokane Community College | 2025
 - *Certified Mobile, Front-End, PHP, and Full Stack Developer*
- **High School Diploma** – Priest River Lamanna High School | 2011
